## Experience:

Dec'18-date'19 DFID PERL-ARC (DAI), Abuja, Nigeria

### Short-Term Consultant

- Working in a team to document and evidence how the Community of Practice approach is contributing to achieving reforms through sharing and learning contributing to a methodology paper with a set of indicators.
- Working in a team to harvest and document how Regional Hubs strategically coordinate learning processes to harness the gains of governance reforms in individual states, to reinforce regional development objectives through regional structures. The focus of documentation to be placed how the regional hubs are strengthening collaboration and building regional capability to coordinate and manage reform with an emphasis on integrating learning to broaden and sustain good governance practices around issues with regional resonance.
- Providing technical support for the overall M&E and service delivery thematic area of the Open Government Partnership Second National Action Plan as part of the technical working group.

Jan'17-Nov '18 DFID PERL-LEAP (ICF), Abuja, Nigeria

### Senior Results and Learning Manager (*for Tunade Impact Resources Ltd*)

- Led the refinement and iteration the LEAP (Learning, Evidencing and Advocacy Partnerships) Theory of Action and monitoring tools and systems.
- Demonstrated effectiveness as a team player in the PERL (*Partnerships to Engage, Reform and Learn*) MEL team, representing LEAP (with ARC and ECP counterparts) in the development of: the joint PERL RF; coordination of joint

workplanning; joint coordination of quarterly and annual report writing; joint development of a PERL outcome harvesting tool; joint review of the PERL concept to learning and adaptation; joint review and development of the PERL communications strategy.

- Facilitated the piloting of cross-pillar learning alliance events in the SW and SE regions on the potential synergies between Fiscal Sustainability Plan and Open Governance Partnerships.
- Development of a Learning Alliance concept note for Strengthening Real-time Monitoring and Evaluation for policy actors/decision-makers to have their 'finger on the pulse' and apply their learning to strengthen State, Regional and Federal economies for sustainable delivery of public goods and services.
- Coordination of PERL learning synthesis and joint review process of PERL Results Framework and associated measurement tools and methodologies at different levels of the results chain, in collaboration with two other pillars of PERL to become fit-for-purpose for the Problem Driven Iterative Approach (PDIA) of PERL, testing the PERL Theory of Change and Theory of Action, plus contribution analysis.
- Deputised for the LEAP Team Leader and/or to represent LEAP on request
